<b>24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT (Include scope, size and cost)</b>											
<p>The 11 West Quincy Court Federal Building, formerly known as 10 West Jackson, was renamed in 2012, following GSA's purchase and renovation of the facility. The top five floors of the six-story building are used as office space – primarily housing the Department of Labor – while the ground floor is mainly used as retail space.</p> <p>Located in Chicago's central business district (South Loop), the Quincy Court building is made of granite panels, brick, and a horizontally-articulated curtain wall.</p> <p>Roofing Resources, Inc. (RRI) provided design/build services to install a thermoplastic roof membrane system with a Vacuum Insulated Roof Panel System consisting of a &lt;2"-inch thick highly reflective roof system with an R-value of 50 provided by R-50 Systems, LLC.</p> <p>The project was designed by RRI and Project Managed by RRI.</p>
