a. PROJECT OWNER	b. POINT OF CONTACT NAME	c. POINT OF CONTACT TELEPHONE NUMBER
University of Pennsylvania	**Jay Reddington- Senior Project Manager**	**610-633-6273**

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT ***(Include scope, size and cost)***

In October of 2015 R-50 Systems, LLC was engaged by the Daniel J. Keating Company to supply Vacuum Insulated panels for the Perry World Window Installation project for the University of Pennsylvania at 3803 Locust Walk, Philadelphia, PA 19104.

We supplied 155 vacuum insulated panels in various sizes and shapes. These panels included vacuum panels factory laminated with Invinsa board (Rich-E-Board). These panels shipped on 10/22/2015.

In February of 2016 we were asked for 10 additional panels which shipped at the end of February.

These VIP Panel assemblies (Rich-E-Board) provided an R-50 insulated value at an extremely low profile of under 1 ½ inch as opposed to standard insulation which requires a thickness of between 9 & 15 inches to achieve R-50.
